H Heralds to Hearts

02 Which use helps here?

Place the four situation cards. Use the paragraph to justify a choice; more than one use may apply.

Teaching

Place a situation here and give your reason.

Rebuking

Place a situation here and give your reason.

Correcting

Place a situation here and give your reason.

Training in righteousness

Place a situation here and give your reason.

Then consider the overlap

Choose a situation that fits another heading too. Explain why, without forcing the four uses into a sequence.

03 Situations to compare

Cut the four cards before class. One complete set and the matching page per pair.

Situation A

A learner has never heard why Christians say Jesus is the Saviour. They listen to the biblical account of His death and resurrection.

Situation B

A group says that working hard at Bible lessons earns God's acceptance. The paragraph exposes the problem.

Situation C

A learner realises their explanation was mistaken. They ask the passage to help them say what is true.

Situation D

A believer keeps receiving biblical instruction and practising truthful speech when a lie would be convenient.

Use 2 Timothy 3:15–17. The cards describe fictional situations; nobody needs to give a personal example.
